How to Prepare Plant List

We prefer your list to be in Microsoft word or Excel or plain text txt. It is important to type the list exactly as you want it engraved. If you want the name of the plant in all caps, type it that way. For daylilies, we suggest the name in caps and if it is a TET, then place an (*) at the end of the name. If it's a DIP, then just type the name. On the second line we suggest mixed case with the name of the hybridizer and the date of registration. The list should not be numbered or have extra spaces or tabs. The list will be simple in a single column for as many unnumbered pages as needed. When completed, name & save the file. Send an email and attach plant file. Use the body of the email for special instructions such as details about stakes, addresses, phone numbers, etc. Skip a line between each label. If you need three (3) QUEEN ELIZABETH labels, then see below:

3QUEEN ELIZABETH
Grandiflora

VETERANS' HONOR
Hybrid Tea

BARBARA MITCHELL
C. Pierce – 1984

A Day in Paradise*
P. Owen – 2014

A Few Good Men*
T. Bell – 2009

Barbara Mitchell
C. Pierce – 1984

QUEEN ELIZABETH

Hosta
'Big Daddy'

QUEEN ELIZABETH
Grandiflora
Rose of the Year 1999
